

Application for New school site by GAELSCOIL AN GHOIRT ALAINN (19993E)

Event: Memo
From/To: sent to
Who : Ms. Mary Horan, HEO
Purpose: Approval to forward site purchase request to OPW

Details: Re: Gaelscoil an Ghoirt Alainn R.N. 19993E

Ms. Horan

As you are aware the above school is currently accommodated in portacabins on a site adjacent to Brian Dillons GAA Club. The school has temporary planning permission for this site until the 1 December 2002.

Two sites have being examined one being an old nursing home at Ennismore, Montenotte and the other part of Mayfield Community College site. For various reasons both of these sites are considered un-suitable.

The Board of Management have now identified a new site at Tinker's Cross which is owned by Cork Corporation. The Board of Management and have met with Officials of Cork Corporation who have agreed to carry out a study into the possibility of selling part of the site to Department of Education and Science. Mr. Joe Davis Technical Manager has examined the site and considers it suitable and recommends that 2.5 acres would be more than sufficient for a 7 or 9 classroom school.

I recommend that a Site Acquisition Request be forwarded to Property Management Section, Office of Public Works requesting them to explore the possibility of purchasing 2.5 acres of the Tinker's Cross site.

Submitted for your approval

Eamonn Cusack
